Welcome to Seed Expo 2011

The Seed Expo is bigger than ever in 2011, with a number of new and larger exhibits and exciting new show floor features. Located in the Riverside Center in the East Tower of the Hyatt Regency Chicago, Seed Expo 2011 features more than 120 companies, ready to showcase their products and services and get all your business done at once!

Seed Expo hours are:

Tuesday, December 7: Exhibitor Marketplace grand opening

Access is free to all during this event!

4:30 PM – 6:00 PM: Main show floor (Riverside Center)

6:00 PM – 7:30 PM: Columbus Hall exhibits open

Wednesday, December 8 | 7:30 AM – 5:30 PM

Thursday, December 9 | 7:30 AM – 5:00 PM

HERE SHE IS...MISS AMERICA 2011!

Teresa Scanlan

Meet Nebraska's favorite farm girl inside the
Seed Expo:

12 - 12:30 p.m. Presentation

12:30 - 3 p.m. Meet & Greet

DON'T MISS OPERATION SPY - THE DC MISSION

Win \$500 or an iPad2!

ASTA is taking its 129th Annual Convention to Washington, DC, June 20-23. We need your voice at this event. **YOUR MISSION:** Visit any exhibitor at exactly 2:00 pm and 4:00 pm on Thursday, December 8 and give them the code word: "Make Your Voice Heard" and the matching entry ticket in your passport booklet, in exchange for a secret package. Then listen for the announcement at 2:15 p.m. for your chance to win a \$500 Visa gift card and at 4:15 p.m. for your chance to win an iPad2! Must be present to win.

Seed Expo Features and Prizes:

EXHIBITOR MARKETPLACE

The Exhibitor Marketplace comprises the grand opening of Seed Expo 2011 at 4:30 pm on Tuesday, December 7. From opening until 6:00 pm that day for the main show floor, and from 6:00 – 7:30 pm in Columbus Hall, access to the exhibits is complimentary. Exhibitors will be offering special giveaways from their booths; be sure to move around the hall to collect all the goodies you can, including food, drinks, and promotional giveaways!

SEED EXPO RECEPTION

Sponsored by DNA Landmarks, Inc. and SGS

The Seed Expo Reception will be held from 4:30 pm to 5:30 pm on Wednesday evening inside the exhibit hall. Open bars and refreshments abound for this great chance to network with attendees and exhibitors in a relaxed environment. As you enter the reception on Wednesday, drop your Seed Expo Reception Door Prize ticket (inside your passport booklet) in the gold prize cage near booth 640 for your chance to win a \$100 gift certificate to Cabela's and \$6,000 worth of software subscriptions from My Farms!

DON'T MISS THE REGISTRATION PRIZE GIVEAWAY!

On Wednesday, be sure to drop your Seed Expo Registration Giveaway ticket in the gold cage near booth 640. A free registration to next year's conference will be announced at 2:00 pm that day!

SEED EXPO MEETING SUITES

In addition to the number of meeting rooms reserved by a variety of companies (see p. 48 for a complete list), two Columbus Hall Meeting Suites are available for hourly appointments. Sign up at the desk at the ASTA registration desk.

INTERNET ACCESS, CYBER CAFE, REFRESHMENTS

Complimentary wireless Internet access will be provided, compliments of the ASTA Associates Division, in the exhibit hall. Additionally, the Cyber Cafe will be open during all Expo hours, offering high-speed Internet access. Complementing this free wireless service will be two Cyber Cafe locations offering complimentary computers for your use. Daily refreshments will also be served inside the Seed Expo for continental breakfast and afternoon beverages.

**Exhibitors: Don't Miss the New Exhibit Renewal Day
at the SEED EXPO EXHIBITOR MEETING/ASTA
ASSOCIATES DIVISION MEETING**

Thursday, December 8

7:30 AM – 8:30 AM | Grand Suite 3 | East Tower

This special joint meeting between Seed Expo Exhibitors and the ASTA Associates Division will be held to discuss ways that ASTA can continue to strive to meet exhibitors' needs. This year, a special preview of new technology tools for ASTA exhibit programs will be presented, along with a trial run of the new Floor Plan Genie booth renewal process. Exhibitors, please be sure to send at least one booth representative to this important session, in order to protect your booth location for Seed Expo 2012 and to provide valuable feedback on Seed Expo 2011. Don't miss it!

Poster Presentations in the FuSE Lounge

Poster presentations by students in agricultural studies will be displayed and presented by students inside the FuSE (Future Seed Executives) Lounge, near booth 242 inside the Seed Expo. For the first time at CSS, ASTA is happy to announce the “Best Poster Awards”. These awards are sponsored by Dow AgroSciences and will be presented to the three best poster presentations at this convention. Judging will take place on Wednesday, December 7 from 2:30pm-4:30pm.

Poster presentations are as follows:

| NAME | SCHOOL | TITLE |
|-----------------------|--|--|
| Wesley Barber | University of Illinois | Repeat associated small RNAs vary among parents and following hybridization in maize Wesley T. Barber ¹ , Wei Zhang ¹ , Hlaing Win ¹ , Kranthi K. Varala ¹ , Jane E. Dorweiler ² , Matthew E. Hudson ¹ , Stephen P. Moose ¹ |
| Erik Christian | Iowa State University | Alternating Temperatures Promote Seed Germination of <i>Miscanthus sinensis</i> . |
| Kartikeya Krothapalli | Purdue University | |
| Joshua Macke | University of Illinois | Maximizing flaking grit yield in maize |
| Brian Mansfield | University of Illinois | Survey of plant density tolerance in US maize germplasm |
| Vibha Mehra | National College, Bandra, University of Mumbai | |
| Jason Morales | Purdue University | Identification of QTL for Agronomic Traits Using a Bi-parental Elite Ex-PVP Mapping Population |
| Ting Peng | University of Illinois | Computer Simulation to Guide Choice of Breeding Strategies for Marker-Aided Trait Stacking in Maize |
| Trevor Perkins | Purdue University | Delayed Soybean Emergence: Competition or Compensation? |
| Ruth Rolling | Iowa State University | Influence of Seed Priming on Agronomic Performance in Soybean |
| Katie Strand | Iowa State University | The Effect of Carotenoid Genes on Photosynthesis and Photoprotection in Sorghum as Assessed by Linkage Disequilibrium Mapping |
| Xiaochun Sun | University of Illinois | Building the genome model, the basis of genetic simulation to guide key decisions in plant breeding |

Exhibitor Descriptions

A & K Development Co.Booth # 603

**416 Chambers St.
Eugene, OR 97402
www.akdevelop@aol.com**

A&K Development Co. is the world leader in Husking and Sorting Equipment and the newest Roll Design for husking needs. A&K manufactures 2 Lane to 16 lane Huskers along with Shakers, meter Belts Distribution Conveyors, Sorting Tables, Power Shears, Movable Transfer Shakers and Color Sorters for Ear Corn.

AEC Group, Inc.Booth # 611

**114 East Main St.
St. Charles, IA 50240
www.aec-corp.com**

AEC Companies provide turnkey projects, design devices, project management, PLC Integration, U.L. listed panels, seed equipment, and electrical and programming services to the seed industry. AEC specializes in seed conditioning facilities, seed dryers and shellers. AEC can customize your project needs to meet your building and site requirements. We would be glad to help you with any project large or small.

Ag Biotech Inc.Booth # 436

**PO Box 1325 2191 San Juan Hollister Rd.
San Juan Bautista, CA 95045
www.agbiotech.net**

Ag Biotech provides comprehensive plant molecular genetics and seed testing for crop improvement and market quality based on genomic DNA tests. Services include: PCR-Based Molecular Breeding Marker Systems, Marker-Assisted Selection (MAS), DNA Marker-Assisted Backcrossing (MAB), DNA Fingerprinting and Intellectual Rights Protection, Custom DNA Marker Development (DMD), Hybrid and Trait-Purity Analysis and Genetic Map Construction.

Ag PrintersBooth # 437

**2880 US 231 South Suite 200
Lafayette, IN 47909
www.agprinters.com**

We are the only company in the nation with the software, the systems, and the understanding of seed industry compliance issues to efficiently create your materials. Our products and services include: catalogs, brochures, bag tags, tech sheets, pocket notebooks and custom product brochures. Have a custom project? Let discuss it!!!

Agdia Booth # 408

30380 CR 6
Elkhart, IN 46514
www.agdia.com

Agdia provides technology for testing seeds and plant tissue for pathogens and GMO traits on fruit, ornamental and field crops using the latest formats and types including ELISA, PCR and ImmunoStrips.

AGRA Industries Inc. Booth # 606

1211 W Water St.
Merrill, WI 54452
www.agraind.com

AGRA takes pride in our abilities, our people, our innovations and our customers by offering design, fabrication, and construction for the seed, feed, grain, and ethanol/biofuel industries. Manufacturer of storage bin systems, seed corn dryers, choppers, gates bucket elevators, conveyors, catwalks & towers, representing a complete line of equipment manufacturers.

Agriculex, Inc. Booth # 411

1-59 Suburban Ave.
Guelph, Ontario N1E 6B4 Canada
www.agriculex.guelph.org

We manufacture specialized equipment for agricultural research. Single Plant Thresher, Portable Large Belt Thresher, Programmable Electronic Seed Counter, Single Cob Corn Sheller, Bulk Corn Sheller, Seed Cleaners, Roller Seed Sorter, Spelt Dehuller, and Spherical-Nonspherical Sorter.

**Agricultural Improvement Equipment
Services, LLC Booth # 610**

3584 Xavier Avenue
Auburn, IA 51433
www.aiessite.com

AIES is Your US dealer for the ZUERN 150 plot Harvester. The ZUERN 150 is new to the US market, but its heritage goes back many years with the beloved "Hege plot combine," blending the Hege system with John Deere power plant and parts. It is one of the best in class for power; is light weight; and produces very clean seed samples.

Agro Protection InternationalBooth # 446**PO Box 4084****Saskatoon, SK S7K 4E3 Canada****www.agroprotection.com**

Agro Protection International (API) provides intellectual property protection services for the agricultural industry. Based in Saskatchewan, Canada, API has developed a vast array of expertise and experience in helping companies protect and maintain a level playing field for their customers, while treating clients and customers with respect and dignity.

Agronomix Software, Inc.Booth # 115**171 Waterloo Street****Winnipeg, MB R3N 0S4 Canada****www.agronomix.com**

AGROBASE Generation II® is a comprehensive relational software system used by agronomists and plant breeders worldwide. Come for a demonstration of our MS-SQL Server® version and the new seed inventory module. Supports experimental design, statistical analysis, data management, reports, variety testing, plant breeding, GxE analyses, image display, and much more.

ALMACOBooth # 108**99 M Avenue****Nevada, IA 50201****www.almaco.com**

ALMACO manufactures custom built agricultural research equipment for planting and harvesting of test plots for research programs worldwide. Exhibits include the SEEDPRO 36 Oprecision planting system, SKYTRIP GPS Planting System, ALMACO Plot Combines, Automated Seed Processing Line (APL), CR940/9040 Combine Weigh Systems, Seed Spector Data Analysis System and Dap Handheld Data Collection Device.

American Newlong.....Booth # 425

5310 S. Harding St.

Indianapolis, IN 46217

www.american-newlong.com

American-Newlong offers automated bag packaging and palletizing. We specialize in bag closing to include industrial sewing head and hand help bag stitchers. Our experience delivers sound Engineered solutions that can be tried together as a “turn key” package or itemized for a specific machine. We are well established in the seed industry and promise to bring our experience to this table. Visit the American-Newlong booth for more information.

Anchor Paper Co.....Booth # 232

480 Broadway Street

St. Paul, MN 55101

www.anchorpaper.com

Anchor Paper Company is an independently owned wholesale distributor that has proudly served customers in the Twin Cities area and beyond since 1923. Anchor currently supplies Fine Printing Paper, Packaging Machines & Supplies, Industrial Products, Janitorial Supplies, Scrapbooking paper & stamps, and Seed Germination Papers.

Anex MFGBooth # 341

P.O. Box 11148

Burbank, CA 91510

www.anexmfg.com

ANEX MFG designs and manufactures continuous overlapping bucket elevators, conveyors/feeders in various sizes and capacities with minimum maintenance required for your seed production. Our bucket elevators are gentle handling with no product degradation, have minimum spillage and are capable of carrying from 100 to 5000 bushels an hour. Configurations come in “S”, “C” and the “CS”. We have provided our bucket elevators and parts not only throughout the United States but also internationally.

**Association of Official Seed Analysis (AOSA)/Society of
Commercial Seed Technologists (SCST)Booth # 507**

**101 East State St.
Ithaca, NY 14850
www.seedtechnology.net**

We provide a forum for collaboration between technologists and researchers from state, federal, seed company, independent, university, and seed certification laboratories. Our goals: establish uniform, standardized seed testing methods; education and accredit individuals; assist in the development of appropriate seed legislation; serve the seed industry by providing accurate and reliable analysis.

Arrows Up, Inc.Booth # 307

**P.O. Box 3374
Barrington, IL 60010-3374
www.arrowsupinc.com**

Arrows Up, Inc. Bulk Transport System (BTS) is designed to transport a wide variety of products. From seed corn to golf ball. It is built to be easy and simple to operate. Our BTS is an innovative system; efficient in use for all types of materials, light weight and safe to operate. Our BTS can be used to ship products around the world.

**Association of Official Seed
Certifying Agencies (AOSCA)Booth # 508**

**1601 52nd Avenue Suite 1
Moline, IL 61265
www.aosca.org**

AOSCA represents organizations throughout the United States and several other countries that have the official responsibility for field inspections, audits, and seed testing that lead to the certification of seed & crop propagation materials.

Balcon Inc.Booth # 240

PO Box 799

Elk Point, SD 57025

www.balconinc.com

Balcon Enterprises Inc. works to develop long-standing relationships with customers by understanding their shipping needs and developing solutions. Small- or large-scale, space and stacking issues, special handling needs, statics guard concerns, durability, minimizing risk or loss, and dealing with hazardous materials are just a few of the problems Balcon can handle with custom-designs or off-the-shelf solutions, from FIBC Bulk Bags to Gaylord Boxes to Liners, Pallets, Various Packaging Supplies, and Recycling Needs.

Bayer CropScience Columbus Hall G/H

2 T.W. Alexander Dr.

Durham, NC 27709

www.bayercropscienceus.com

Bayer CropScience is the global leader in seed treatments offering a full range of solutions from seed to harvest and beyond. Our showcased solutions include Poncho®/VOTIVO®, Liberty Link®, On Demand™ seed treatment system and the Respect the Rotation weed management initiative. Our integrated approach combines research in new modes of action, breeding techniques, and gene discovery to provide sustainable crop solutions.

Becker UnderwoodBooth # 431

801 Dayton Avenue

Ames, IA 50010

www.beckerunderwood.com

Becker Underwood develops and manufactures seed enhancement products for all types of seed. Some of our colorants, polymers and plantability polymers include Color Coat™, Flo Rite® 1197, Flo Rite 1127 Concentrate, Secure™ and Sepiret®. Becker Underwood is the leading global producer of inoculants including VAULT® HP, VAULT NP, and RhizoStick™.

Big John Mfg. Co. Inc.....Booth # 316

**P.O. Box 456 203 N. State Street
Osmond, NE 68765
www.bigjohnmfg.com**

Big John Manufacturing produces the most versatile, dependable line of high-clearance detasslers on the market. We also manufacture a complete line of pullers, cutters, male row destroyers and shredders, as well as field sprayers, ranging from 10 to 2600 gallons. The Computrol IV Seed Placement Monitor is designed to add precision accuracy to your planting process.

BioDiagnostics, Inc. Booth # 440

**507 Highland Drive
River Falls, WI 54022
www.biodiagnostics.net**

BioDiagnostics, Inc., a recognized leader in seed testing, offers laboratory services to the seed industry in the areas of germination, vigor, and physical purity; trait purity; genetic purity; event identity, zygosity, adventitious presence, molecular breeding, and chemical analysis. BioDiagnostics is accredited by ISO and USDA as an Accredited Seed Laboratory.

Bratney Companies.....Booth # 412

**3400 109th Street
Des Moines, IA 50322
www.bratney.com**

BRATNEY COMPANIES - celebrating 47 years serving the seed industry! See the NEW I.C.E. Sheller/Cleaner, Robotic Kernel Sorter, RIB Scale, and SATAKE Evolution Color Sorter at booth #412. BRATNEY COMPANIES specializes in “design/build” for a variety of seed conditioning facilities. Whether Husking, Sorting, Drying, Blending, Conditioning or Packaging - we offer the latest innovative technology.

Breckenridge Software Technologies, Inc.....Booth # 218

**P.O. Box 7291
Wilmington, DE 19803
www.breckenridgesoftware.com**

Breckenridge Seed Management and Accounting software has excelled in providing seed companies the most comprehensive, industry specific, software solution available. We now offer multiple points of entry: I-pad, web-hosted access; traditional installation; enterprise solution. This software has been implemented in over 250 seed companies, from single-user to multi-company.
