

Summerlicious

Summerlicious is a uniform seedless watermelon that features improved fruit holding ability in the field, providing greater grower flexibility with an extended harvest window. With a deep green skin color, firm flesh and excellent flavor, this variety will appeal to growers and consumers.

FEATURES

- High yield potential
- Firm flesh, nice internal color
- Uniform, blocky fruit size and shape
- Broadly adapted
- High percentage of 36- and 45-count fruits
- Improved fruit holding ability in the field

BENEFITS

- Offers full flavor
- Ideal for growers in eastern and western U.S.
- Intermediate resistance to powdery mildew race 1
